

Specialty Chemicals for Adhesives

NAME	COMPOSITION	APPLICATIONS
SPECIALITY CHEMICALS FOR ADHESIVES		
Ratnadd GIP 120	Alkyl Aryl Ether Sulphate	It is used for emulsion polymerization
Ratnadd EIP 6670	Nonionic Alkyl Phenol Ethoxylated	It is used for emulsion polymerization
Ratnadd GIP 20430	Anionic Alkyl Phenol Ethoxylated sulphonated	It is used for emulsion polymerization
Ratnadd SDD Paste	Anionic Alkyl Phenol Ethoxylated sulphonated	It is used for emulsion polymerization
Ratnadd P/78	Anionic Alkyl Phenol Ethoxylated phosphate	It is used for emulsion polymerization
Ratnadd E 103	OPS 25 with active content 35% & 45%	It is used for emulsion polymerization
EMULSIFIERS		
Ratnadd EIP30 AIE	Nonionic Alkyl Phenol Ethoxylated	It is a versatile non ionic, water soluble emulsifier
Ratnadd EIP 30AD	Nonionic Alkyl Phenol Ethoxylated	It is an excellent non ionic oil soluble emulsifier
Ratnadd EIP 30BN	Nonionic Alkyl Phenol Ethoxylated	It is non ionic, water soluble, solid waxy emulsifier
Ratnadd VE OP 100	Nonionic Alkyl Phenol Ethoxylated	It is an excellent non ionic emulsifier cum dispersing
Excellent EO/PO based Non-ionic emulsifiers and wetting agent with low foam		
Ratnadd EIP 6010	EO8PO CO polymer based	It used as a foam suppressant or nil foam emulsifier for paints and coating
Ratnadd NDW	Non Silicone Defoamers	It is a conventional Non-silicone base defoamer
Ratnadd VPL HB-51	EO8PO CO polymer – alkyl capped polymer	It is used as a Defoamer/antifoaming agent
RANGE OF DISPERSING AGENTS		
Ratnadd VE 117	Vegetable oil based Ester	Is it used as an anti setting agent
Ratnadd VIC 30430	Polycarboxylic Acid	Is it used as a Polymeric based Anti-settling agent
Ratnadd VE MSH 20	Fatty Alcohol Ethoxylates	Is it used as Dispersing agent
Ratnadd VE OP 100	Non Ionic Alkyl Phenol Ethoxylates	Is it an Excellent, non-ionic, emulsifier cum dispersing agent
Ratnadd VIC 304	Modified Polycarboxylic acid	It is an Acrylic copolymer based, sequestering and dispersing agent
Ratnadd VIC SRK	Polycarboxylic Acid	It is an Acrylic homolymer based dispersing agent
Ratnadd VPL SW	Naphthalene Sulphonate based dispersing agents	It is a dispersing & leveling agent
Powerful Dispersing agents for Special Paints/Coating applications		
Ratnadd 6017 R	EO PO Based Co polymer	Powerful dispersing agent for expensive pigments in paints/coating application

Ratnadd 6025 R	EO PO Based Co polymer	Powerful dispersing agent for expensive pigments in paints/coating application
ORGANIC NEUTRALIZING AGENTS		
Ratnadd TEA	Triethanolamine 85% and 98%	It is used as a pH balancer in a variety of products
Cross linking agent or metal complexing agent		
Ratnadd S	Propoxylated amine	It is used for PU coating Excellent cross - linking agent
